Opportunity

Your home grounds, whether large or small, offers the opportunity to surround yourself with beauty—to bring into your lives the peaceful, restful beauties of nature that make for more gracious living.

Instinctively, all of us have a basic desire to be close to nature. Regardless of how poor our station in life we somehow manage the luxury of some beauty—a potted plant—a few flowers—a Rose. We buy these, not only for their contained beauty, but for the inward lift they give us. Fulfilling the desire of all peoples to reach out for something that satisfies an inner want.

When you plant your home you are not only enriching your lives with beauty, but you are making an investment. An investment that will materially add to the dollar value of your home and one that grows in beauty and value with the years.

Take advantage of your Opportunity—have more by planting some of the many garden items listed in this catalog.

It's Easy to Have Beauty

Planned and Planted by Littlefield-Wyman Nurseries

Here is a garden that invites us in to enjoy its beauty—to enter its restful atmosphere, and be led further on by the suggestion of hidden, pleasurable interests—or to absorb the quiet, lovely small details that make up this beautiful garden.

This garden speaks to us—the tree, of age; of rugged, massive strength; of lofty height—the stone-walls, of permanence—the partially seen bird-bath of life; movement and music—the pool, of coolness and tranquility and slowly moving fish—a lazy frog—the Lilac and the distant Phlox, of color and perfume—the grass, of comfortable, relaxing movement on our part—all the subjects of this garden join together in a harmonious story that appeals;

But—

—It Didn't Just Happen!

Planning is important. It takes thought to join the tree with the Lilac—the evergreen with the pool—the stone wall with the house and bring them all together in a pleasing garden picture.

A good plan is valuable, and very necessary to the success of such a project. It offers a well organized means of studying your site problems and planting needs. It is a permanent record. It is a useful basis for estimating costs and for budgeting. It is essential to carrying out the

work as it shows the location of each plant and group of plants and all other areas and objects that are part of the site development.

You can make such a plan yourself for your own home. As a rule, however, results are better and less costly when professional skill is available for an owner's aid. We can provide such help. We have on our staff, men well schooled and experienced in the principles and practice of landscape design and planning. It will pay you to talk with them about a planting plan for your own property. There is no charge or obligation for such a consultation. Let's talk it over.

Everblooming Hybrid Tea Roses

From the long list of the many varieties of Roses offered each year to the gardening public, you find here listed only a selected few. In line with our policy—"to serve New England first and best," we offer only those varieties that have proven themselves for plant-vigor and blooming habits under our rugged New England conditions.

These Everblooming Hybrid Tea Roses may be depended upon to give beautiful blooms over a long period of time. Our strong, 2-year, field-grown dormant plants used to fill your orders will begin to bloom 10 weeks after planting and continue until frost. An average good garden soil, able to produce flowers or vegetables will produce lovely Roses on these New England Selected varieties.

ALL HYBRID TEA ROSES

\$1.65 each; 3 for \$4.25 except where noted

BETTY UPRICHARD. Bicolor. Semi-double, salmon-pink with coppery reverse. Fragrant.

CALEDONIA. White, large, very double, pure white flowers.

CHRISTOPHER STONE. Bright velvety scarlet-red flowers of good form. Damask fragrance. See page 2.

CONDESA DE SASTAGO. Bicolor. Petals fiery copper inside. Rich gold inside. Fragrant.

McGREDY'S SCARLET. Vivid rose-red. Loosely formed large flowers. Tea fragrance.

McGREDY'S YELLOW. Bright, buttercup-yellow flowers of fine form. Delicate fragrance. Glossy foliage.

MRS. P. S. DuPONT. Yellow. Deep golden semi-double, fragrant flowers.

PICTURE. Pink. Beautifully formed flowers of a velvety rose-pink. Unusually free blooming. See page 2.

PINK DAWN. Pink. Lively, deep rose-pink with an orange base. Sweetly fragrant.

POINSETTIA. Red. The most brilliant of all red Roses. Glowing fire red flowers freely produced all season. Tea fragrance.

PRESIDENT HERBERT HOOVER. Bicolor. Flame-scarlet and yellow flowers of large size. Striking and effective. See page 2.

RADIANCE. Pink. Large flowers of delicate cameo-pink. Heavy bloomer—intensely fragrant.

RED RADIANCE. Red. Very large blooms of long lasting quality and even color. Extremely fragrant and dependable.

DAME EDITH HELEN. Pink. Glowing pink, large and full. Intensely fragrant.

DUQUESA DE PENARANDA. Bicolor. Double flowers of cinnamon-peach color. Very fragrant.

EDITH NELLIE PERKINS. Two-toned pink. Salmon-pink inside; rich copper inside. Mild fragrance.

EDITOR McFARLAND. Pink. Fragrant flowers of a brilliant clear pink.

E. G. HILL. Red. Massive blooms of deep maroon, velvety on inside. Very fragrant.

ETOILE DE HOLLANDE. Large crimson flowers with velvet sheen and great fragrance.

GOLDEN DAWN. Yellow. Very double, well-formed, lemon-yellow flowers. Delicious fragrance. See page 2.

JOANNA HILL. Yellow. Long-pointed buds, opening to an old gold. Semi-double bloom. Fine for cutting.

KAISERIN AUGUSTE VIKTORIA. White. Large snow-white flowers with lemon-yellow center. Fragrant. See page 2.

MARGARET McGREDY. Scarlet. Constant bloomer. Scarlet, overlaid with orange. Changes to carmine-rose as flower opens.

Everblooming Hybrid Tea Roses

The Newer All-America Roses

We offer six of the more recent All-America Rose selection. They are, in our opinion, the most outstanding newer varieties.

AARS CHRYSLER IMPERIAL. Vivid, rich tones of crimson red, highlighted by darker overtones of oxblood-red. Very large blooms. \$3.00 each, 3 for \$7.95.

AARS CRIMSON GLORY. Pat. 105. Beautiful crimson shaded deep red and mellowed by a velvety nap. Wonderful fragrance. \$1.75 each, 3 for \$4.65.

AARS FRED HOWARD. Pat. 1006. Long, rich yellow buds, tipped with a delicate penciling of light pinks—a huge, double, 4 to 5 in. flower. Vigorous grower. \$2.75 each, 3 for \$7.20.

AARS MIRANDY. Dark red. Pat. 632. Deep rich red petals with black shadings. Has a most delicious, full-bodied fragrance. This is a choice red Rose. \$1.75 each, 3 for \$4.65.

AARS PEACE. Yellow. Pat. 591. Probably the most exciting and beautiful Rose in the world. The petals are delicate blending tints of yellow, cream and ivory with a Watermelon-pink edging. \$2.50 each, 3 for \$6.60.

AARS HELEN TRAUBEL. Pat. 1028. A light sparkling pink or more often a luminous apricot. Exceptionally large blooms; very vigorous grower. \$2.75 each, 3 for \$7.20.

Mirandy

BROWNELL SUB-ZERO ROSES

GUARANTEED TO GROW OR REPLACED FREE

The SUB-ZERO line of Roses is a race of Roses developed from the hardier species of Roses of great vigor and sturdiness to withstand sub-zero Winters. Ideally suited for our New England climate.

EVERBLOOMING HYBRID TEA ROSES

\$1.75 each, 3 for \$4.65

CURLY PINK. Matchless in the combination of size and form of bloom, beauty of cluster, constancy, vigor and foliage, hardiness and performance. When established, many large, two-toned pink blossoms, in several stages form a gorgeous bouquet on a single stem.

LILY PONS. White, pure yellow center, large, graceful flowers of indescribable delicacy; vigorous, free bloomer. Often a feature of gardens in the cold Northwest.

QUEEN OF THE LAKES. Crimson. Named for the Queen of Minnesota's Aquatic Sports. No Diving Beauty could show greater fullness of grace or brilliance.

RED DUCHESS. Over the thirty years of hybridizing, never had we hoped to produce a Rose like this. Such captivating fragrance. Such a shade of rose-red. Such colorful, persistent foliage. Such a robust and sturdy sub-zero plant. While nearly all Brownell Roses are pleasingly fragrant, the magic of sunshine on these petals issues a new fragrance incomparably alluring in spicy sweetness and charm. One whiff is an experience to be remembered. →

SHADES OF AUTUMN. Bicolor. This beautiful red, yellow and blush flower is gorgeously outstanding.

SUB-ZERO CLIMBING ROSES (Large Flowered)

EASY TO GROW — LONG TO LIVE

CLIMBING BREAK O'DAY. Very vigorous, everblooming climber. Orange to apricot color. \$1.75 each, 3 for \$4.65.

ELEGANCE. Flowers spectrum—yellow in center, shading to pale yellow. Huge exhibition flowers, Hybrid Tea in form. \$1.75 each, 3 for \$4.65.

GOLDEN CLIMBER. The supreme yellow climbing Rose. Fragrant; ideal for picking; very long, stiff stems. \$1.75 each, 3 for \$4.65.

ORANGE EVERGLOW. Everblooming. Large, 3-in. dazzling coppery, orange blooms on every new branch. Fragrant. \$2.00 each, 3 for \$5.25.

WHITE GOLD. A most gracefully formed, large, double, white flower flushed with gold. \$1.75 each, 3 for \$4.65.

CLIMBING ROSES (Large-Flowered)

Climbing Roses offer a vast amount of bloom in a limited space that is unmatched by any other Rose. The large-flowered varieties furnish the exciting pleasure of a massive wealth of color and profusion of bloom that has obtained for the Rose its universal appeal.

AMERICAN PILLAR. Fast grower with glossy foliage. Trusses of single flowers of scarlet-rose color with large white centers. \$1.35 each, 3 for \$3.45.

BLAZE. Vivid scarlet masses of blooms in early Summer and again during the season. Everblooming. \$1.50 each, 3 for \$3.95.

CLIMBING AMERICAN BEAUTY. Large, fragrant flowers of brilliant carmine. \$1.35 each, 3 for \$3.45.

CLIMBING BREAK O'DAY. Very vigorous, everblooming climbing sport of "Break O'Day"; a very nice climber. Orange to apricot color. \$1.75 ea., 3 for \$4.65.

DR. VAN FLEET. Many long-stemmed, beautiful Hybrid Tea-like flowers of a soft pale shade of flesh pink. \$1.35 each, 3 for \$3.45.

GOLDEN CLIMBER (Mrs. A. C. James). The supreme yellow climbing Rose. Fragrant; ideal for picking; very long, stiff stems. \$1.75 each, 3 for \$4.65.

MARY WALLACE. Large, bright pink flower with luminous sheen. Very strong grower. \$1.35 each, 3 for \$3.45.

NEW DAWN. Beautiful flesh pink. The first plant to receive a patent for its everblooming habit. \$1.50 each, 3 for \$3.95.

PAUL'S SCARLET CLIMBER. The popular and widely planted climbing red Rose. The intense red flowers are borne in loose clusters. Very satisfactory. \$1.35 each, 3 for \$3.45.

PRIMROSE. Large, double flowers of rich primrose-yellow. \$1.35 each, 3 for \$3.45.

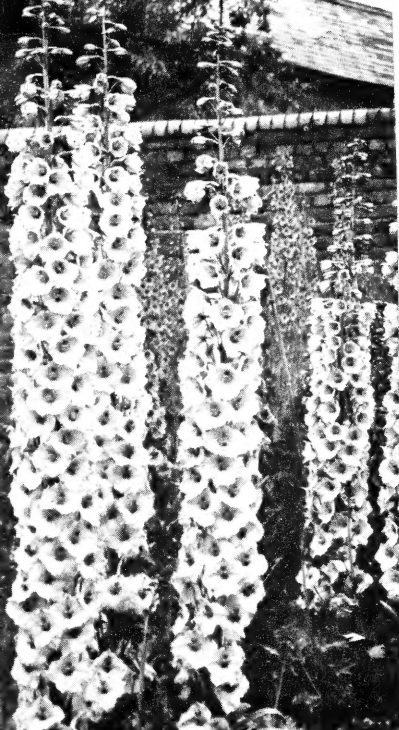

SILVER MOON. Moon-white, large flowers; yellow center; handsome foliage. \$1.35 each, 3 for \$3.45.

NOTE

Climbing Roses do not, as a rule, bloom the first year. However, you may have a few blooms the first year—but they are small, not true to color and do not represent the true blooms you will get the second year.

Blaze. \$1.50 each, 3 for \$3.95

DELPHINIUMS

**RICH SPIRES
OF COLOR**

The regal stateliness of massive spires of blooms in gorgeous colors—lend a richness of quality that transforms an otherwise ordinary flower group into one of sheer loveliness and charm.

The tall 20 to 30 inch spikes of flowers, in delicate color shades on hardy, rugged plants, will do more than any other perennial to give a lift to your garden.

All plants for Spring delivery are well established in 2-inch wooden plant bands and will transplant without difficulty.

BURPEE FLOWER SEEDS

We offer you, for the first time, the flower seeds of the W. Atlee Burpee Company of Philadelphia. We have, since 1888 been proud of the Grey flower seeds sold you. However, to keep pace with the rapid development of new and finer flower strains, intensive research and trial grounds are necessary—this we cannot economically do. In order to supply you with only the best of flower seeds we make this change. In our opinion, Burpee seeds are tops in quality and performance and we feel that by offering them to you we are rendering you extended Grey service.

BEANS DWARF OR BUSH

A warm, light soil is best adapted to the growth of Beans, but they will do well in almost any situation. Plant in rows 2 to 3 feet apart and in furrows 2 inches deep. All varieties are tender and must not be planted until soil is dry and warm.

1 pound of seed will sow 50 feet of row

Yellow or Wax Bush

Black Wax Pencil. 54 days. Pods are long, pencil-like, very tender and brittle. $\frac{1}{2}$ lb. 40c., lb. 75c.

Golden Wax. 48 days. The standard variety for general use; pods long, broad and flat, very fleshy and of fine quality. Plants erect, hardy, and productive. $\frac{1}{2}$ lb. 40c., lb. 75c.

Sure Crop Stringless Wax. 53 days. A valuable new variety of dwarf Wax Beans, very productive, rustproof, and will stand a longer season of damp, wet weather than any other Wax Beans. $\frac{1}{2}$ lb. 40c., lb. 75c.

Green Pod Bush or Snap

Asgrow Valentine. 52 days. Stringless, fine, early variety. Pods are slender, round, smooth, and entirely stringless. Fine, tender. $\frac{1}{2}$ lb. 40c., lb. 75c.

Bountiful. 50 days. Extra early, very prolific, and long-bearing, flat green pods; tender, stringless. $\frac{1}{2}$ lb. 40c., lb. 75c.

Giant Stringless Green Pod. 50 days. Color deep green, very long, round, fleshy pods; very prolific and entirely stringless. $\frac{1}{2}$ lb. 40c., lb. 75c.

Horticultural French Dwarf or Shell. 65 days. An improved form of Dwarf Horticultural, producing long pods, beautifully splashed with bright crimson; heavy cropper. $\frac{1}{2}$ lb. 50c., lb. 90c.

Keystone Bean. The stringless, dwarf green Bean of superb quality, producing an abundance of long, straight, round pods. $\frac{1}{2}$ lb. 40c., lb. 75c.

Late Refugee (1000 to 1). Very tender and productive; the best variety for pickling. Pkt. 25c., $\frac{1}{2}$ lb. 40c., lb. 75c.

Plentiful. 52 days. Similar to Bountiful with larger and darker green pods, slightly thicker, tender and fine flavored. $\frac{1}{2}$ lb. 40c., lb. 75c.

Stringless Green Pod. 50 days. Extra early, prolific, round pods and stringless. $\frac{1}{2}$ lb. 35c., lb. 65c.

Tendergreen. 54 days. An early, extremely meaty, smooth, dark green, rounded podded variety of wonderful flavor, absolutely stringless. One of the best. $\frac{1}{2}$ lb. 40c., lb. 75c.

The Prince. 54 days. A first early variety producing a heavy crop of long, meaty pods, often measuring from 11 to 12 in. in length. Absolutely stringless and of excellent flavor. $\frac{1}{2}$ lb. 75c., lb. \$1.35.

Topcrop. 52 days. An All-American gold medal winner. Early maturing, vigorous, entirely stringless. Plants of extremely high yield and fine meaty flavor. $\frac{1}{2}$ lb. 45c., lb. 85c.

Avoid the Commonplace

You don't have to be wealthy to enjoy beauty that is above the common pattern and distinctive. Landscaping designed to fit your needs and expressing your personality is not costly. Every home owner can "avoid the commonplace" by taking advantage of the resources and services available.

Few people see the inside of your home, but everyone sees the outside. Does it do you justice? With landscaping you have a real opportunity to create something that will be out of the ordinary, enjoyable, and distinctly your own.

Our Landscape Staff has the knowledge, resources, and ability to assist you in working out your landscape problems. With ideas and suggestions from experienced men every plant, bush, tree, or evergreen you plant fits in its place — you have the best and it costs you less.

THE MOST COMPLETE GARDEN CENTER ON THE SOUTH SHORE

LOCATED IN THE HEART OF OUR NURSERY

Here you will find gathered in one spot the complete facilities and products of both an old established seed company, and an old and established nursery.

At our enlarged facilities, you will find ample parking space. Prompt service and careful attention given to your order whether placed in person; by phone; or through the mail. Trained and expert attendants are on hand to serve and advise you in every phase of your garden needs. Fresh, expertly grown, living plants; flower and vegetable seeds; bulbs; lawn seed; fertilizers; insecticides; tools, etc., ready for you to take away.

BUY FROM THE GROWER

Don't buy a "pig in a poke." When you buy plants from anyone but the grower you do not know what treatment they have received. Transplanting is a shock to any plant—but excessive handling is more damaging. From nursery to you means—a minimum of expert handling, better plants, and success to you.

YOU CAN DO IT YOURSELF

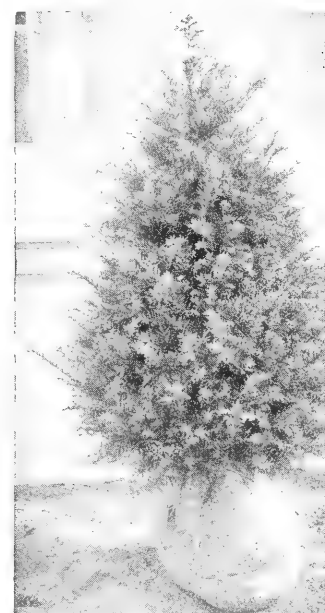

The home owner shown with shovel in hand in the picture above is a man busily engaged in doing some home landscaping. He might be you or I. He is doing all right, too, so far as he has gone. His plants and his turf are thriving. They are well selected and arranged. His landscape picture could be improved by the addition of one or possibly two medium sized shrubs below the windows, behind him, and beyond the vertical pipe. If he phones LITTLEFIELD-WYMAN, we will be glad to come see him and recommend what plants to put there. Perhaps he will come to GARDENER'S GREEN to select them. If he does both, he will save money and get satisfaction.

What more can a man hope for in this world?

YOU WILL FIND

At Gardener's Green

plants like the Yew pictured—
freshly dug from our nursery—
are ready for you to take away.

HARDY VINES

The lavish contribution that vines give your garden picture is often overlooked. Without this class of plants to fill in, hide, and soften harsh, barren or objectionable features our gardens would be flat and lacking in full beauty. Improve your garden beauty with the colorful, attractive curtains of nature—**VINES**.

CLEMATIS—Large Flowering Hybrids

Wealth of color and interest may be added to your garden by the use of these lovely Decorative Vines. For a pleasant, informal note, we highly recommend them.

HENRYI (Illustrated). Large, creamy white flowers with strong, contrasting stamens.

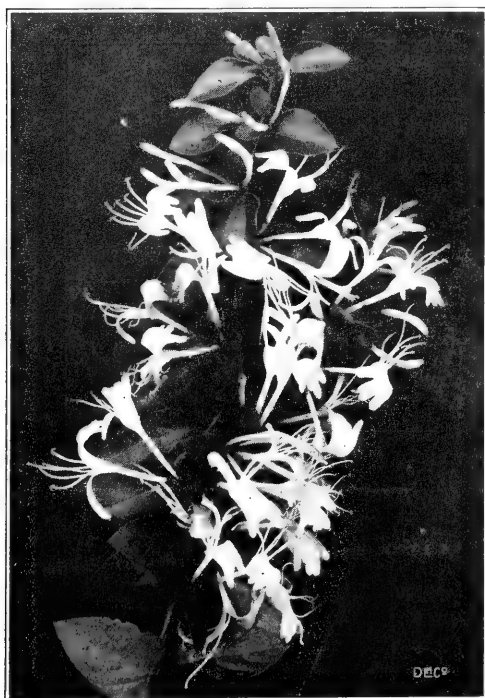

Large-flowered Clematis

AKEBIA QUINATA (FIVE-LEAF AKEBIA)

A very ornamental climber bearing numerous bunches of violet-brown flowers which have a pleasant cinnamon fragrance. \$1.25 each

BITTERSWEET (CELASTRUS ORBICULATUS)

This is, in our opinion, the most artistic and decorative Bittersweet variety. Big, showy clusters of orange berries in Fall. Fast grower. 3-year plants, 75c. each, 3 for \$1.85

Honeysuckle

JACKMANI. The popular velvety-purple Clematis. Profuse bloomer and rapid grower.

MME. EDOUARD ANDRE. Bright velvety red. Showy and colorful.

RAMONA. Fine clear lavender-blue flowers with rounded petals and darker stamens.

Potted Plants —\$2.00 each, 3 for \$5.45

CLEMATIS PANICULATA

This hardy vine is one of the choicest and most satisfactory of vines. Strong, rapid growth with dense foliage and fragrant, delicate, small, white, star-shaped blossoms.

Strong, 2-year plants—95c. each, 3 for \$2.55

CLEMATIS MONTANA RUBENS

An excellent small-flowered variety, well known for its hardiness, vibrant coloring and rampant growth. Its rosy red flowers 1 to 2 inches change to clear pink in late May and early June.

Heavy potted plants, \$2.50 each

CLEMATIS TANGUTICA (GOLDEN CLEMATIS)

Spectacular, bright yellow, 4-inch flowers appear in June and again in the Fall.

Heavy potted plants, \$2.50 each

HYDRANGEA

HYDRANGEA PETIOLARIS (Climbing Hydrangea)

One of the finest and most artistic vines—very hardy. Foliage is large and bold. Four-petaled white flowers in 6 to 8 inch clusters. Will cling to walls or other supports. Not common.

Potted Plants—\$2.25 each, 3 for \$6.25

FLEECEVINE

POLYGONUM AUBERTI (Chinese Fleecevine)

A strong, vigorous, rapid growing vine. In late Summer and Fall is covered with feathery sprays of white flowers.

...IVY...

BOSTON IVY

(*Parthenocissus Tricuspidata Veitchi*)

The most popular vine for clinging to wood, brick, or stone. The leaves overlap like shingles, turning to a beautiful bronze-red in Fall. This is the Ivy found on many of the old stone buildings in Boston. Hence its name.

2-year.....\$0.90 each, \$8.00 per 10
3-year.....1.25 each, 11.00 per 10

MINIATURE BOSTON IVY

(*Parthenocissus Tricuspidata Lowi*)

A miniature Ivy producing a delicate soft covering that is much desired for wall covering on smaller buildings. Does not grow as rampantly as the Boston Ivy.

Potted Plants.....\$2.00 each

ENGELMANN IVY

85c. each 3-inch pots \$7.50 per 10

Wisteria

WISTERIA

Wisteria sinensis (Chinese Wisteria). This is the old favorite. Long, pendulous, lavender-blue flower clusters. Fine foliage and strong growth.

W. sinensis alba (White Chinese Wisteria). White form of the above.

Strong, 3-year plants

\$1.50 each 3 for \$4.20

GROUND COVERS

Often the finest plants, though in the right place, fail to create the landscape effect we desire. Like the separate parts of a prefabricated house they must become a united part of the whole for their true worth to be recognized. **GROUND COVERS** tie together and unite the various plantings to make a more harmonious and pleasing garden treatment. This group may be used under plants, where grass will not grow, shady places, along walks.

EUONYMUS COLORATUS

(Purple Wintercreeper)

A strong grower with brilliant bronze foliage in Winter. Makes an interesting and different evergreen ground cover.

2-year plants.....\$0.75 each, \$6.50 per 10
3-year plants.....1.00 each, 9.00 per 10

VINCA MINOR (Bowles Variety)
Superior to Vinca minor, having richer, glossy foliage and larger, deeper blue flowers. Blooms in Spring and again in Fall.

Field-grown plants, 45c. each, \$4.00 per 10, \$36.00 per 100

Japanese Spurge

TREES

For Beauty and Grandeur no other group of plants offers so much—the bold masses of color, foliage, fruit, and shade they furnish are indispensable. Their proper use will improve and alter the most barren situation and give new life and charm and movement to established plantings by their interesting patterns of light and shadow and form.

EVERGREENS—*for Year Round Beauty*

Unexcelled for year round beauty the Evergreens offer you the most adaptable group of plants, suitable for a variety of uses. Well grown, properly placed and cared for evergreens will give a richness and graceful strength not found in any other plant material.

There is a wealth of varieties, varying from the low growing to the lofty specimens and in a color range to please the most particular.

ARBORVITAE

This group offers a wide variety of types, varying from dwarf globes to fast growing pyramids. One or more varieties are usually indispensable for almost any type of Evergreen planting. All forms improve with seasonal shearings and therefore can be held at any desired height.

AMERICAN (*Thuja occidentalis*). The common, upright evergreen so widely used. Foliage brownish green.

EVERGREENS

(continued)

The very lovely and attractive garden here pictured can readily be yours. Throughout this catalog is listed a wealth of garden subjects that can inexpensively transform even the smallest area into a place of beauty. A few packets of seeds, for color—some shrubs for grace—evergreens for strength—vines to soften—a tree to screen and give a pattern of shade—plus your relaxing efforts and you will have created lasting beauty that will give enjoyment for years to come.

TAXUS - YEW

Without question the finest of evergreens. Each year they gain in popularity, as more people come to know their sterling qualities. They are exceptionally hardy, and thrive in practically all soils. Their adaptability and rich and dignified appearance make them outstanding.

Varieties vary from low spreading types to pyramidal forms and all of a handsome, dark green foliage.

For low or tall hedges, as specimen plants, or for foundation plantings they are unexcelled.

EVERGREEN SHRUBS

ARISTOCRATS OF THE GARDEN

Leading the procession of garden beauty from Spring through Fall to Spring again, the enduring loveliness of the broadleaved Evergreen Shrubs has well earned for them the title—**Aristocrats of the Garden**.

Their permanent year round, broad green foliage of many shades and size of leaf lends a delightful and pleasing note to all plantings. The attractive contrasts they furnish with other plants heightens the garden interest. The climax to the beauty of these perfect plants is the wealth of bloom they furnish in a glorious range of color and delicacy of flower.

Most of these Evergreen Shrubs thrive happily in partial or deep shade. We in New England are fortunate in having, in general, the acid soil conditions they require for best growth.

Pieris japonica

ILEX GLABRA

2½ to 3 ft.\$7.50

RHODODENDRONS

Without question the tops in evergreen shrubs. The large, splendid foliage of these magnificent plants, coupled with their gorgeous blooms make them the king of garden subjects.

They require an acid soil and a permanent mulch of leaves or peat moss around their base is most beneficial.

HYBRID RHODODENDRON Seedlings

We have an unusually fine group of unnamed Hybrid Rhododendron Seedlings that we are offering at reduced prices. These plants grown from seed, produce a stronger, bushier plant than the grafted plants commonly offered. Had we correctly labeled each plant as to color, the price for these sturdy, well-budded, ready to bloom plants would be much higher. Colors range from pale pink to deep purple.

HARDY AZALEAS

FOR EXCITING COLOR

For a wealth of color look to the Hardy Azaleas. The opportunities for using Azaleas are unlimited. The cheerfulness and gaiety they furnish enlivens and brings out the best in landscape plantings. They give a lift to foundation plantings and by their contrast add to the richness of evergreens.

They succeed equally well in sun or shade and in a moderately moist soil.

FLAME AZALEA

Azalea calendulacea. The Flame Azalea is one of the most colorful varieties. Brilliant orange-yellow to scarlet blossoms literally cover the plant in late May.
